Poison by Absorption. The slow absorption of many poisons changes in some more or less modified form the complexion, but arsenic and ammonia show their effect about as quickly as any. The popular belief that arsenic clears the complexion has led many silly women to kill them-selves with it in small, continued

It produces a waxy, ivorylike appear ance of the skin during a certain stage of the poisoning, but its terrible after effects have become too well known to make it of common use as a cosmetic.

The effects of animonia upon the complexion are directly opposite from that of arsenic. The first symptoms of ammonia poisoning which appears among those who work in ammonia factories is a discoloration of the skin of the nose and forehead. This gradu-ally extends over the face until the complexion has a stained, blotched and unsightly appearance. With people who take ammoula into their systems in small doses, as with their water and food, these striking symptoms do not appear so soon. The only effect of the poison that is visible for a time is a general unwholesomeness and sallowness of the complexion.

Undigested Food.

The recurrence of the flavor of food for some time after eating is always an indication, writes a physician in a medical journal, that the food is not being properly digested. "I can taste it," we say after eating canned fruits and vegetables preserved by adding salicylic acid or formaldehyde, substances that embalm food against the digestive juices as completely as they protect it from the microbes of the outer air. And "I can taste it" would probably be the report of one who had made a hearty meal on a turkey kept several months in cold storage. "A man trying to live on such meat would simply starve to death or die of blood poisoning," adds the physician.

He does not fall to remind us that

the storage warehouse is generally a convenience and a benefit and only when misused a source of danger. But neither he nor any one else could find a good word to say for manufacturers who put slow poison into a food prod-uct. The fitting punishment for them would be to give them nothing to eat but their own canned stuff.

Clean as a Whistle.

The origin of the saying "as clean as a whistle" is ascribed to the "whistankard" of olden times, in which the whistle came into play when the tankard was emptled or "cleared out" to announce to the waiter that more liquor was required.

Digests what you

You need ail kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach said. Kake it and you can rest your stomach without interrupting digestion. It is nature sown remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

ST. NICHOLAS

FOR YOUNG FOLKS.

Are there any boys or girls in your home?
If so, do you want them to grow up familiar
with the best literature and art, and with all with the best literature and art, and with all their best impulses quick ened? There is a way to do it at an expense of less than one cent a day—a way to have in your home the greatest educational influence of our time.

"St. Nicholas for Young Folks" is the medium—a magazine absolutely usequalied in the literature of the world. It is recommended by educators everywhere—it contains only the very test and most helpful and entertaining literature, and it is illustrated by the greatest of American illustrators,

IN 1902

some new features are to be introduced into

some new features are to be introduced into some new features are to be introduced into
this famous periodical—one is the prioting of
long stories complete in a single number—
no serials. A splendid group of stories by
the best living writers for young folks has
been gathered for this purpose.
"NATURE STEDY"

is now a great feature of St. Nicholas is now a great feature of St. Nicholas. The young readers ask questions and they are answered in a department called "Nature and Science." Private schools take the migraine for this alone. The "St. Nicholas League" is an organization of St. Nicholas readers wherein pitzes are offered for the best pictures, stories, poems, etc.
